

# Production – Forming Operator

## Job Summary:

We are looking for an exceptional individual for our role as the Forming Operator who will play an integral role in achieving the Company's valuable goals. The successful candidate will be responsible for one of the significant primary stages of assembling and changing forming machines for production and ensure ingredients and raw materials are regularly added to the former.

## Key Responsibilities:

- Set up forming line, assemble and operate machines for production
- Follow production schedule to ensure forming is met by deadline
- Retrieve and return bins of product to Mixing or Sanitation departments
- Weigh product, monitor machine settings and complete line check forms
- Maintain sanitary working area and shut down equipment for clean up
- Adhere to Company's policies and procedures and those set out by WorkSafeBC and food sanitation standards
- Other duties as assigned

## Requirements, Skills & Qualifications:

- Previous manufacturing experience is an asset
- Must be mechanically inclined to successfully perform machine changeovers
- Ability to multi-task in a fast paced environment
- Work as part of a team with minimal supervision
- Abide by Company policies and procedures
- Able to read, write, and speak English
- Able to use a computer
- Able to troubleshoot, problem solve and use arithmetic to perform production related calculations
