

QUALITY ASSURANCE TECHNICIAN

Food Safety & Food Technology

Are you a dedicated foodie? Do you have a passion to work with a food manufacturer who is helping people to eat healthy while being easy on the planet at the same time? If you want to work in a rapidly growing Company that is revolutionizing the natural channel by creating healthy meat-free meals, then you may be the person Garden Protein International is looking for!

We're looking for a Quality Assurance Technician who thrives in a fast pace environment, to join our continually growing team working full-time at our Richmond, BC facility.

Does this sound like you...

- You apply critical thinking and analysis to solve problems and provide best practice and solutions?
- You love working with food and ensuring food safety?
- Have flexibility to work rotating shifts and weekends?

The company is SQF Level 3 certified. You will be responsible for monitoring product safety and quality, production process and personnel GMP practice. A degree in Food Sciences, Food Technology, or Microbiology is preferred. You will need to identify report and investigate deviations to procedures, systems or standards and assist with implementing corrective actions and follow ups. We are looking for someone who has experience with assisting in the continual implementation and maintaining of food safety programs.

If you not only have the career credentials we're looking for but also love to work in a supportive and fun work environment, please e-mail your resume and cover letter to: hr@gardein.com or visit our careers page at <http://gardein.com/contact-us/>

When applying, please include "QA Technician" in the subject line. We thank all applicants that apply, but only short-listed candidates will be contacted. No phone calls please.
